

April 2011

1. Is there a fixed price charged by the Hospital to supply a product to a doctor (GP) in order that the doctor can treat a patient and is the same price charged to all doctors (GPs)?

Yes.

*When the item is supplied by the hospital, in order that the doctor (GP) can perform examinations on the patient, is the amount that the patient is charged an amount that reflects the cost of the product and the time involved?*

Your enquiry refers to the GP's charges to patients of the product the Trust has supplied them. The Trust would not hold information about what the GP charges the patients. Your request may be better addressed to the GPs. I am sorry we are unable to help on this occasion.
