

May 2011

1) Have you had any cases of restricted drugs being stolen from your Trust in the past 12 months? (or in the most recent 12-month period for which figures are available)) By 'restricted drugs' I mean what is more commonly referred to within the NHS as 'controlled drugs.'

The Trust has no record of any reported theft of controlled drugs in the past 12 months.

1a) Can you include in the figures not only cases where drugs are known to have been stolen, but ALSO cases where controlled drugs have simply gone missing/unaccounted for.

Please see data below for controlled drugs that were classed as missing or unaccounted for.

2) If yes, in each case, what types of drugs were stolen and in what quantity and how much did they cost?

The Trust has are no records of any reported theft of controlled drugs in the past 12 months.

3) In how many cases were culprits identified? In each case, were the culprits patients, visitors, staff members or others (eg burglars)? If they were staff members, what were their jobs?

Not applicable.

4) In each case, were the culprits convicted in a court of law? If they were staff members, were they sacked?

Not applicable.

5) Please provide all the above information for the most recent 12-month period for which figures are available and for the four years prior to that.

The Trust has no record of any theft of controlled drugs. Please see data below for controlled drugs that were recorded as missing or unaccounted for.
