July 2011

I wish to submit an FOI request under the terms of the Freedom of Information Act 2000 to Southend University Hospital NHS Foundation Trust with a set specific questions around the usage of IT systems and Technology. The details of the questions can be viewed in the spreadsheet attached to this email which you can use directly to provide your responses.

Where appropriate, I have provided explanations of system types (in the form of cell comments) and also drop down menus in the relevant cells for you to select the appropriate response. I hope this will help to clarify the type of responses we are looking for and that you can easily complete and return the spreadsheet back to me. To avoid any potential confusion, please provide responses wherever possible for all fields for each IT system.

Please find below your spreadsheet which has been completed with the information we hold.

NHS Trust name	Southend University Hospital NHS Foundation Trust	Other NHS Trust	
Number of sites	1		
Number of stafff	4200 (approx)		
Number of desktop PC's supported?	2640		
Name of data network provider?		*Please note that if your trust has more than two systems installed then please add additional rows below system 2 as required by inserting new rows and numbering the relevant system (3, 4, 5 etc.)*	
Name of telecoms network provider?			

IT System type	System no	Was this system acquired through NPfIT?	Local Service Provider	Is this system locally or remotely hosted?	If "Remote", who hosts?	Software Supplier name	Software Product name	Version Number	Date installed	No. of licenses	No. of concurrent users at peak time	Which other systems does this integrate with?	Contract expiration date	When do you plan to replace the or revisit the contract?	Additional Notes	Is this system outsourced?
COMMUNITY SYSTEMS																
Main Community System (i.e., TPP, RiO)	1	No	N/A	Remotely	TPP	TPP	SystmOne		2011-03-01	Under Negotiation	Not Recorded	None	N/A		Proof of Concept PCT deployment within Trust.	
	2															
Child Health System	1				N/A	N/A									N/A
