

August 2011

I would be grateful if you can advise me of the following information:

1 *What date does the current pest control contract expire?*

The current contract expires on 1st April 2012.

2 *What is the scope of the contract (service provided)?*

The Contract provides for routine and emergency visits to Trust premises including after hours to prevent, control and eradicate specified pests including (but not limited to) rodents and crawling insects, exotic ants, and flying insects . We also have ad hoc work carried out which is not currently part of the contract covering pigeon control.

3 *What is the value of the contract?*

The current contract value is in the region of £6,000.00.
