

September 2011

I would like to make a request for information regarding Venous Thromboembolism (VTE) documentation at Southend University Hospital NHS Foundation Trust.

Please could you supply the following information:

- 1. Patient Care Pathways relating to Venous Thromboembolism (VTE)*
- 2. Treatment Protocols relating to Venous Thromboembolism (VTE);*
- 3. Clinical Guidelines relating to Venous Thromboembolism (VTE);*

Our Venous Thromboembolism (VTE) policy, patient care pathways, protocols and clinical guidelines can be made available on request.

- 4. % of patients on anticoagulants with INRs in range of 2.0 to 3.0 within the last 12 months.*

The percentage of patients on anticoagulants with INRs in the range of 2.0 to 3.0 within the last 12 months, 19th September 2010 to 19th September 2011, was 77.27%.
