3. IMRT activity is charged to Specialised Commissioners at a locally agreed price (tariff). Please can you confirm the charge you make to your commissioners either per fraction or per course of IMRT depending on your local charging arrangements. Where there is a price differential between IMRT for different tumour sites, please can you provide your charge per course/fraction for each individual tumour site. If you deem that the exemption under Section 43 relating to prejudice of commercial interests applies to the exact monetary figure can you consider providing a rounded value to give an indication of your charge. Please consider the public interest in how public money is spent in the delivery of your radiotherapy service.

The Trust does not have a locally agreed tariff, and has not received any additional funding for IMRT from Primary Care Trusts (PCT's) or specialist commissioners. The Trust is currently in negotiation with the PCT's to agree funding of IMRT for 2012/13.
