

January 2012

I am trying to find out the following information

- *A list of all Clinical Commissioning Groups that come under your area*
- *The board members of those Clinical Commissioning Groups*
- *If any of the Clinical Commissioning Groups are now Subcommittees of the PCT Cluster Board*
- *If any of the Clinical Commissioning Groups are working by locality and if so what are the localities*

The Trust does not hold the information you have requested as it is a provider rather than a commissioner of services. Our main commissioner, NHS South East Essex Primary Care Trust (SEE PCT) may hold some or all of the information you require. Their contact details are as below
