

February 2012

- 1. Please provide the most up-to-date information you hold about the number of patient discharges which take place between 11pm-6am.*
- 2. Please provide these both in absolute numbers and as a percentage of total discharges.*
- 3. Please also provide the same information for the previous five years.*

The Trust policy states that we discharge patients from hospital wards up until 21.00 hours.

There are no records of any planned discharges during the hours you have specified. There may of course be some self discharges for patients with the mental capacity to decide this.
