1. *Does your Trust use EPR/EHR/EMR systems, and if so from which vendor? Is this on a departmental basis or trust wide?*

No the Trust does not use EPR/EHR/EMR systems.

2. *Does you trust currently use dictation technology, and if so from which supplier? Is it analogue or digital dictation? Is this on a departmental basis or trust wide?*

The Radiology department currently uses Audacity which is integrated with TC-RAD (McKesson). Audacity is a free digital audio editor and recording application, available for Windows, Mac OS X, Linux and other operating systems

3. *Does you trust currently use speech recognition, and if so from which supplier? Is this on a departmental basis or trust wide?*

The Radiology department are currently implementing Talking Point (GHG) speech recognition.

4. *Do your computer systems use Windows 7, and if not do you plan to upgrade to Windows 7?*

The Trust computer systems do not use Window 7. There are currently no plans to upgrade our computer system to Windows 7.

5. *If applicable, do you have any plans to implement any of the above on a trust wide or departmental basis?*

Please see our responses to the questions above.
